STUDENT COUNCIL

Sophomore year was a busy one but the leadership of the student council helped ease the way. Kim Benzell, President; Chris Siracusa, Vice President; Anthony Codispotti, Secretary-Treasurer; and Terry Carolla, Committee Chairperson tried to accomplish as much as possible.

They tried something new. They provided transportation to away games with a small fee. They also donated money to the Cancer Society in the name of Mr. John Sullivan. As tradition holds they had a very successful Candy Sale. They've accomplished many "feats" in their inch of time.

(Susan Keane)

The Freshmen class, although new to the school showed true talent in establishing leadership ability. President Kim Artico, Vice President Christine Murphy, Secretary Treasurer Carol Fitzgerald, and Activities Chairperson Bethary Zartich did an outstanding job in leading the Freshmen through a busy year. Their activities included a candy sale, Faculty Olympics and a Freshmen Christmas Party. The party proceeds were donated to charity. '88 promises to be great.

Academics

"Time is the ultimate teacher."

The Visitors Arrive

In early December, Red Bank Catholic hosted a Visiting Committee of educators from the Middle States Association, the Northeast regional and secondary accrediting association. Every ten years, R.B.C. undergoes an almost year long intensive self-study of programs, staff, activities, and all related areas of secondary education to assess strengths and weaknesses. The Visiting Committee spent three days studying the school, its activities, and interacting with the student body. A school's accreditation status is very significant and important to colleges as they review transcripts. Both the faculty and the students involved themselves and learned a great deal.

Members of the visiting committee from the Middle States Association worked diligently and tirelessly to gain insight into the many different people and programs of R.B.C.

Students In

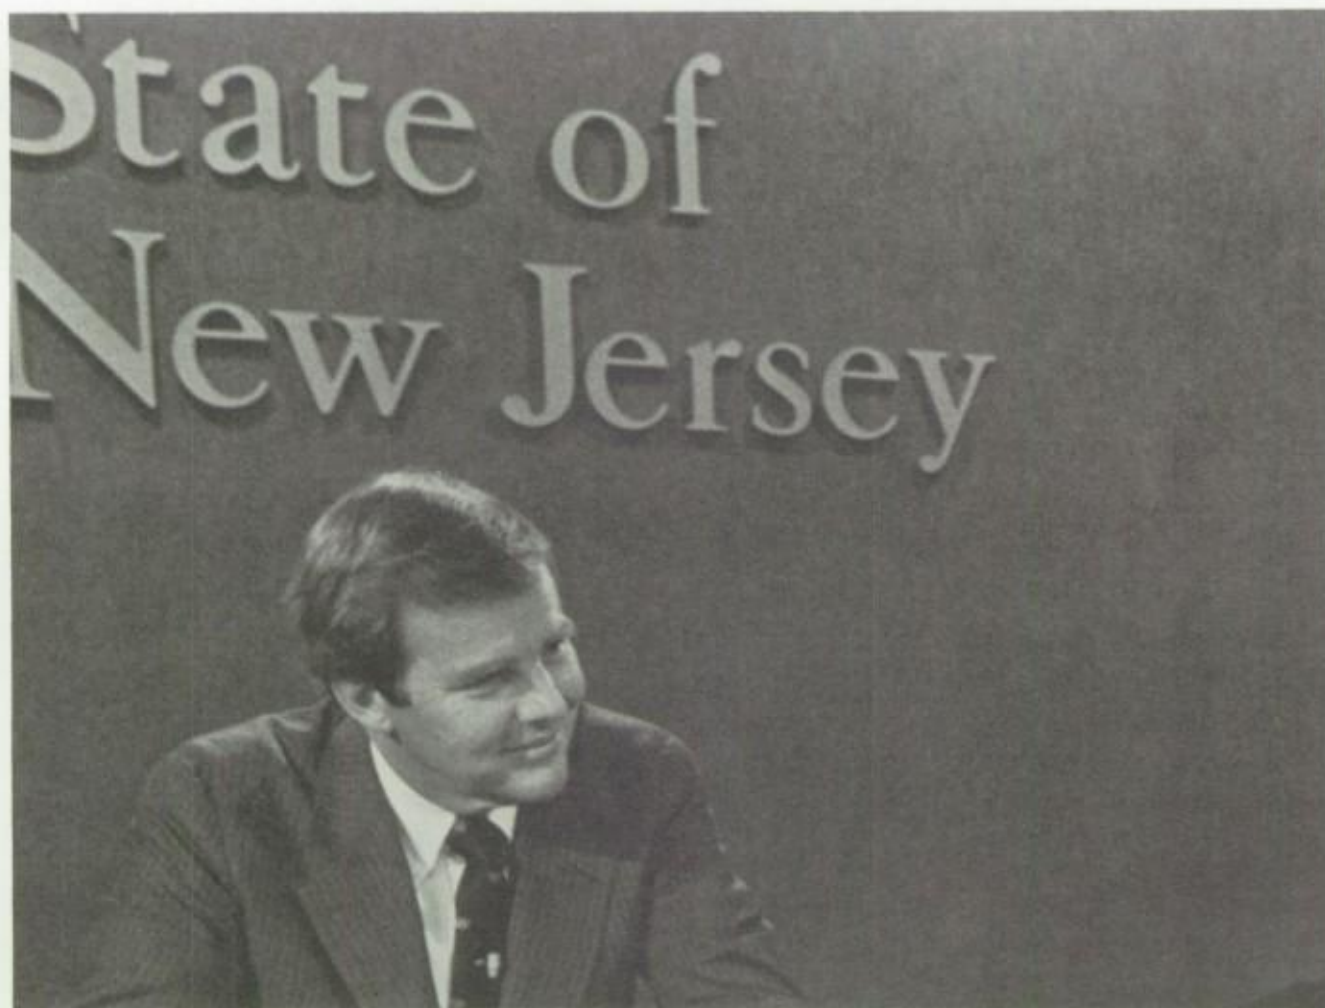

Red Bank Catholic, Represented by N.H.S. members, Stacy Handler, Cathy Cuasay, Jenna Abbes, and Kate McConnell prepare to demonstrate their academic abilities at the Rutgers Bowl.

In early October, the National Honor Society participated in the Rutgers Bowl, a question and answer type quiz program in which students from N.J. high schools compete with other N.J. high schools. Although R.B.C. did not win the competition, our four representatives, cheered on by the rest of the N.H.S., did a fine job in answering many very difficult questions. The experience proved to be exciting and interesting for all members of the N.H.S.

Action

The Speech and Drama classes of R.B.C. attended a workshop at Red Bank Regional to further develop their oratory and acting skills. As Bob Rauffer demonstrates, instruction and practice are necessary for a successful performance.

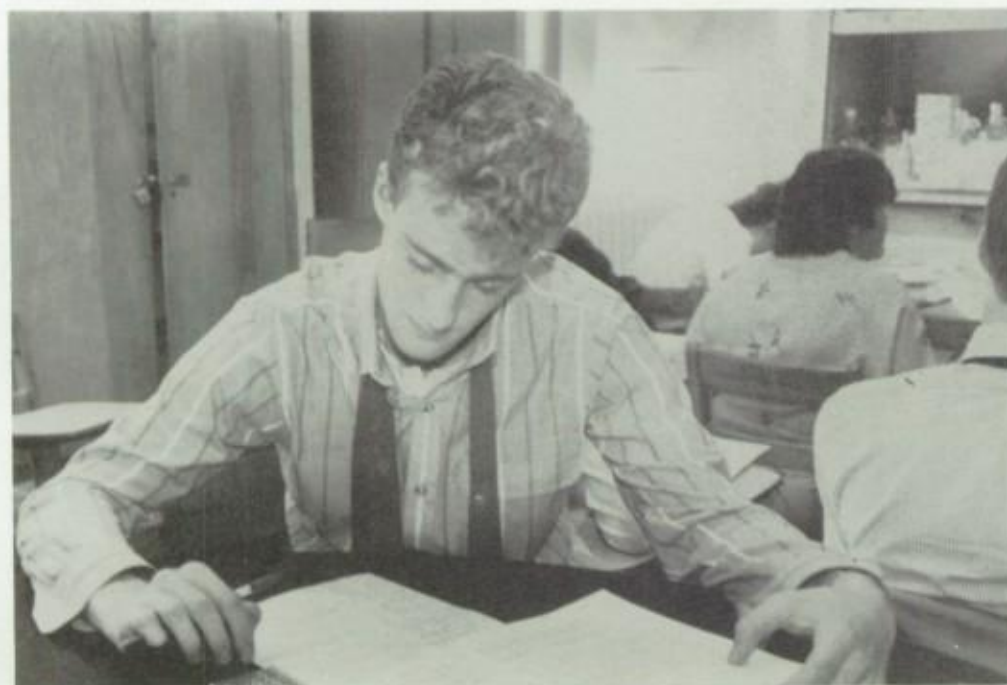

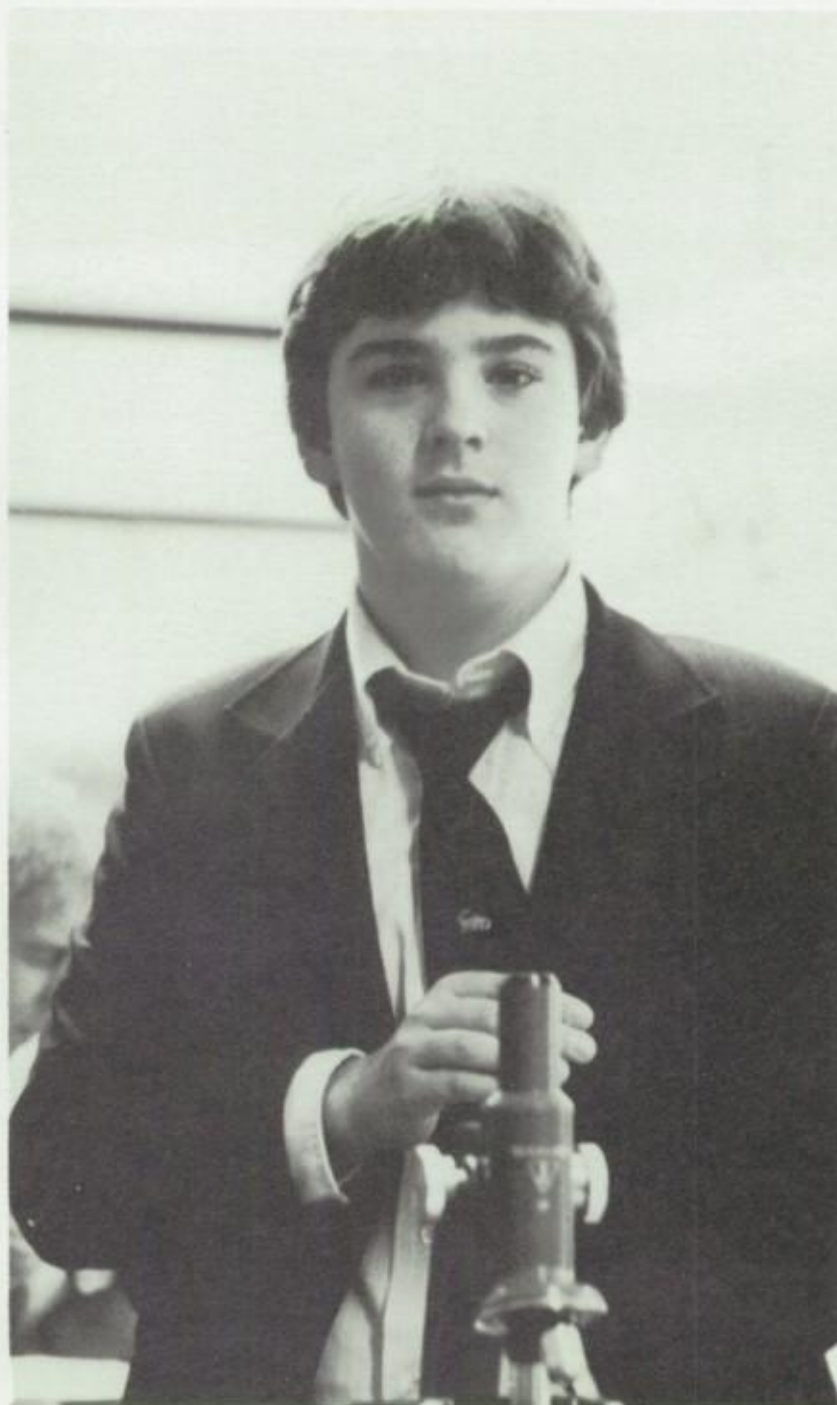

On September 20, 1984, R.B.C. seniors, Stacy Handler and Mike Shorey, had the opportunity to meet with Governor Thomas Kean. Stacy and Mike were chosen to appear with the Governor on "Student Forum", a question and answer program run by cable television network. Questions dealing with education, women and politics and other important state issues were presented. Both Stacy and Mike agreed that they felt privileged to meet the Governor and were impressed with his policies and ideas concerning issues facing New Jersey.

Casey Students

Academically, R.B.C. appeals to various types of students with varying interests. Students here are actively involved in many facets of the school. They work hard at whatever they do. Whether studying in the library, debugging in the computer center, discovering physics in our everyday world, or creating new compounds in chemistry, the Casey students prove to be hard-working and energetic examples of this generation.

Caseys On The Run Until We're #1

The Boys' Cross Country Team directed by Head Coach, Mr. Jack Rafter, performed well this season. Led by only two seniors, Rick Moore and Craig Kornett, they ran to the best of their ability. The boys worked hard every day after school. They all had a great deal of determination throughout the season.

We've Got Spirit

1951 — 1985

Mrs. T's dedication is incredible. She guides her teams through thick and thin towards a magnificent finish. The cheer leaders and marching units rely heavily on Mrs. T's support and guidance. We, the Seniors, are truly going to miss the closeknit teams we have had this past year but we will especially miss the warm relationships we've shared with Mrs. T. We wish the best of luck to the underclassmen and hope that all of them cherish those great memories as much as we will. Take care of Mrs. Trzepacz because she is one special coach and lady.

FR — S. Timney, N. Caivano, SR — S. Bandler, P. Carlo, S. Graniero, K. Doran, L. Lepore, S. Homa. TR — P. Schnabolk, G. Lorenzato, E. Logan, K. Dow, J. Caroselli, B. Coolahan. JV — FR — R. Grant, N. The twirlers did a fantastic job this year. The half-time show would not have been complete without the spirit and enthusiasm generated by the hard work and determination of the twirlers. The team was led by captains Nancy Keegan and Mary Jo Alexander, Specialty twirler, Vicki Schweers, added to the Casey spirit with her many precise and enjoyable routines.

Terrific Twirlers

*Twirlers: FR — B. Yakoboff, L. Lipka

Top Left — Specialty Twirler, Vicki Schweers. Top Right — Enthusiastic supporters (A. Cavanaugh, P. Cerchio) Center Left — Tic-tac-toe four twirlers in a row. Center Right — "Why is everyone else walking the other way?" (B. Yakoboff, D. Ciarmella)

The Rifle Team displayed their great Casey Spirit during the half-time shows. They executed complicated routines to the music of the Casey band. The rifles were a fairly young team this year, so expect to see most of them back next year for more great shows.

Poetry in Motion

Although she is only a sophomore, Christine Furlong has left her mark on gymnastics in New Jersey. During the Shore Conference Championships she placed first in the uneven bars, vault, and beam. At the state sectionals, Christine tied for the overall title by winning the uneven bars and floor exercises. She also won the State Individual Title with a score of 37.10. RBC is proud to have Christine as a part of our school and our gymnastics team, she gives new meaning to the word "athlete."

Christine Furlong

This year's gymnastics team under the direction of coach Linda Porzio had a marvelous season. A team of mostly sophomores with no seniors and three juniors went undefeated. Their biggest win came when they won the Shore Conference title.

The team is very close, very enthusiastic, and very good. Next year's team should be just as good, if not better, since all of the girls will be returning. The future opponents of RBC will have a lot to worry about in the next few years.

Shooting Stars

The 1984-85 Varsity Basketball team got off to a slow start as they had an inordinate amount of injuries to the key players. However, they smiled in the face of adversity, and with seniors Pete Lynch and Bob Scrabis leading the way they completed another respectable season. Other key players were seniors Kyle Flaherty, Don Dow, Steve Carasia, Brooks Cullen, along with underclassmen Bill Moran, Jason Gray, Jim Largey, and Claude Taylor. All in all the players and coaches alike truly showed that "togetherness equals success!"

Not only did Bob score 1000 points but also he became the most prolific scorer in RBC history. Bobby broke the school record with a free throw during an emotional game against rival CBA. Because of this, he finished his high school career with a total of 1,183 points. Congratulations go out to Bob for this very noteworthy achievement.

Left Behind

*It's never as it seems
Although we think life is permanent
It changes everyday
We gain some new identities
As we leave some in the past
We never really know why
Because who is there to ask
If this life is so important
Why is it always swept away
We seem to stare into that stone filled yard
With our tears glistening in the sun
Yet if our memories never close
And we hold on to that precious key
You can rest assured in our hearts
Rob's eyes will forever see*

*We Love You Robbie
The Class of 1985*

(Left Behind written by Bob Rauffer)

'81-'85 — Our Inch

An inch of time can mean many things to many people. When we look back upon the time that we have spent together we can see how we have grown and kept up with the fads and fashions. Some of us wore Swatches, fluorescent shirts and high tops, while others wore Izods and Dockiders. We played Trivial Pursuit, danced the "Worm" to "Shout" every chance we had and listened to Bruce, in fact we left our mark on MTV as some of us were shown in the "Born in the USA" video.

During our inch of time together we gave true meaning to the words "school spirit" as we participated in everything we could possibly imagine. We dressed up on Halloween, donated pints of blood for the blood drive, sold hundreds of boxes of candy and decorated the hallways. We performed our finest during sporting events, and if we were not involved in the action, we were losing our voices because of it. The hours we spent together away from school were never long enough as we went to the Hunt, gathered at dances and partied together.

Though we had our small scale triumphs and failures here at R.B.C. the world around us experienced its ups and downs also. It seems difficult to believe that during that same inch of time the Arms talks were resumed. Great strides were made in medicine as William Schroeder was given an artificial heart and Baby Fae the heart of a baboon. Geraldine Ferraro became the first woman to run for vice president and President Reagan was re-elected. Yet, on the other hand, the world was shocked by the assassination of Indira Gandhi, millions starved to death in Ethiopia and the Russians continued fighting in Afghanistan.

All of these things and more took place throughout this year. For some this inch of time may mean sorrow and oppression. For others it is just an interval of time in an exciting era. Yet, for the class of 1985 an inch of time means the all too brief moments that we have spent at Red Bank Catholic. Our times of laughter, good friends and togetherness.

A yearbook is not a product of the work of only one or two people. It is the product of the work of many people who, each in their own way, help to make it what it is. The 1985 Emerald is a capital example of this kind of work. A very special thank you goes to Mrs. Grace Scerbo who helped and supported us through the good times as well as the bad. Thank you also goes to the Student Council who let us borrow their typewriter when we needed it, Mrs. Kennedy for the use of the darkroom, the faculty of RBC who understood the urgency of a deadline and helped out in whatever way they could, Mr. Walter Cichy who guided us through our uncertainty and finally to everyone else who helped make this yearbook what it is.

CeCe,
Remember all the crazy times we had on the
bus with Juan, Kojak, Dave & Mrs. Marie.
I know you won't forget Frankie!!

Remember that time we ~~left school~~ & went
to A.P. (Next time you & me) Anyway
enjoy your summer & Have a Happy
Belated Birthday.

I really don't know what to say,
because I know you won't forget me
because we live almost next + store!
But if you go to Long Beach I will miss
you. You better come visit me in R.B.C!
I know you'll miss John from Mickey Dee's
& Lester!!

Stay Cool,
& Don't Party too much!!

You know what
I mean !!!

Tuti!

CE-CE,

I'm REALLY glad we became such good friends
and remain friends no matter where you and
I may be. I hope you don't leave R.B.C.
and go down to Longbranch - where
all the P.R. and real good-
looking guys are. I know
you're going to have a good
time down in L.B. You
probably forget us people
down in R.B.C. But that's alright
just don't forget me. It took so
long enough to even say 'HELLO' and

Ce-Ce,
This year in Geometry was great! Especially since you were in my class! We had so much fun! You're such a nice & sweet person and what I like about you most is your truthfulness! Saying I'm never so jealous that you can be so open w/ people. But that's one of your very special qualities, also. You're very pretty & nice, and helpful! Thank for the help w/ Larry. I really appreciated it! Even though I was embarrassed I really truly am glad you did it! Have a wonderful summer & call me! 674-4751

Ce-Ce were great in track! I wish you continued success. Have a great summer! Hope to see you next year.
